Fantastic opportunity to own an incredibly low maintenance Villa on the water in true Olde Naples with no updating needed! Sophisticated and cosmopolitan with water views from master bedroom and relaxing terraces on all floors. Stunning new kitchen has extensive cabinet space. Wet bar, butlers pantry, and multiple outdoor dining spaces make this a dream for entertaining in style. Unlike most condos, you can grill and even have a hot tub on your private rooftop outdoor living room. This all adds up to the privilege of owning a private waterfront home without the effort. Extensive improvements and upgrades to the original space including paint, appliances, a/c and much more make it nearly brand new. Can be sold fully furnished with contemporary/transitional furniture so all you really need is a bathing suit and tooth brush. Nearly any sized vessel can be kept downstairs or just enjoy the views and walk to your favorite restaurants and the beach. Plenty of convenient, additional guest parking both in garage and across the street which is owned by the building. Pet Friendly too!
