One of a kind opportunity to remodel your Dream Beachfront Home in Santa Monica's historically exclusive Gold Coast with breathtaking panoramic views spanning from Palos Verdes to Malibu. Redesigned by one of California's leading architect firms. Coastal development permit to extend the existing basement has made this one of the last homes approved since basements are no longer allowed on the beach in Santa Monica. The approved plans have increased the size of the home to 8,144 sqft total area with 7,587 sqft of living area. The main floor features a chef's kitchen with an open outdoor courtyard area and a great for entertaining floor plan with living, dining, and sun room areas. The intelligent design allows beach views from every room. Take the elevator to the first floor above ground that features a romantic master suite with dual bathrooms and walk-in closets, a large terrace for unobstructed panoramic coastal views, a spacious office, and 2 guest bedrooms with a large balcony. The second floor above ground features 3 bedroom suites and a rooftop deck for ultimate romantic sunset views. The creative design of the lower level includes a lounge area, playroom, wine room, home theater, safe room, bar, gym and an elevator to all levels. The outdoor entertaining areas include a sparkling pool with direct access to the famous Santa Monica Beach. Enjoy the Southern California lifestyle at it's finest!
