The home presents an understated balance using today's modern design and principles of the Hawaiian cottage. Bright colors, tall ceilings create a light and cheerful feeling to a desired chef's kitchen and comfort to the spacious open living area. Each bedroom hosts its own full bath with access to over 1000sf of lanai space. The estate is being sold turn-key with beautiful furnishings designed using tactile fabrics in the style of island living. The Net Metered PV system of 39 solar panels provide approx. 90% of the home's electricity. Enjoy the Tesla charger, souped-up electric golf cart in the two garages.
