Proudly offered for the first time ever, 10717 Polly Taylor is one of the most significant and resplendent manor homes ever built in N Fulton. No expense was spared in craftsmanship or technology, marrying the most dazzling array of custom old world details with a state of the art touch screen home automation system. An impressive porte cochere with a fountain greets your guests as they enter the grand formal entry showcasing a turned iron staircase and polished marble floors that run throughout the main floor. A richly paneled library and an elaborate formal dining room flank the grand entry. The two story formal living room is punctuated by a towering hand carved marble mantle. A family room with a custom barrel vaulted ceiling is open to the ultimate cooks kitchen with state of the art appliances and a hidden pantry. Even more incomprehensible, this trophy kitchen has NEVER been used and is untouched. Custom chandeliers, elaborate millwork and sumptuous window treatments can be found throughout. The lavish master suite on main spoils with enormous closets and an indulgent marble spa bath. Upstairs, all en suite bedrooms are no less impressive each with garden tubs, separate walk in showers and walk in custom closets. The terrace level offers a wine cellar, movie theater, an enormous back-lit onyx bar and a billiard area. A lower level master and a full second kitchen downstairs make the terrace level an ideal inlaw suite. Outside, two sprawling stone terraces overlook the sparkling pool with a gazebo, outdoor kitchen, bar and a dance floor complete with disco lights. This magnificent one of a kind estate exceeds all possible expectations and is sited in one of Johns Creeks most desirable gated communities with it's top rated schools.
