****Luxurious villa for sale in the Dominican Republic**** This is palatial Caribbean elegance at its best, sumptuous, and exotic looking following a professional make-over by a film company that rented the villa recently. The accommodation consists of three attractively furnished junior suites and a seriously large master suite with walk in wardrobes and a large marble master bathroom with double basins and super tub. There is a delightful gourmet kitchen to keep your chef busy creating delicious delicacies. There is seating for four at the large island breakfast bar, and eight at the large mahogany dining table; plus, an outdoor el-fresco kitchen and barbecue area. This luxurious villa is set in five and a half acres of tropical gardens and open green spaces, professionally planted with mature trees and flowering shrubs. There is also an area set aside for the fresh vegetables, fruits and herbs for the preparation of meals for the household and its many guests. Here, relaxing is an art with so many lovely places to stretch out in including an outdoor Palapa with comfortable seating, and numerous balconies and several magnificent terraces over looking acres of tropical gardens and an amazing Olympic sized pool. There is also a heated outdoor Jacuzzi where you can relax under the stars. This is undoubtedly one of the most luxurious properties on the North Coast, with its imposing main entrance, platted mahogany panels and wonderful array of Caribbean and eastern treasures on display throughout the house. Perhaps the most remarkable single items must be the huge slices of marble mounted on the walls in the entrance hall, full of fossil forms of sea creature, shells and microscopic life forms, yet another "wow" factor in this beautiful villa. When not being used as a magnificent family home it can be rented out commanding fees of US\$5,600 per week in the high season. It is ideally located being close to Sosua with four sandy beaches, and reefs ideal for diving and snorkeling and Cabarete, with its panoramic views of the distant Cordillera mountains and forty eight square miles of pasture land, lagoon, jungle, tropical plants, Caribbean birds, and caves. [Cabarete](../info-coldwell-banker-cabarete-25.html "Cabarete") is known as "The Adventure Sports Capital of the Caribbean"™ with a host of water sporting events and outdoor activities. This part of the North Coast is both beautiful and world famous as a kite boarding and wind surfing centre.
