Situated on a large corner lot in the prestigious gated enclave of Covenant Hills is this stylish semi-custom three bedroom (one detached) estate where the indoors and outdoors are nearly indistinguishable with walls that open completely to create a single fluid space for entertaining and everyday living. Beyond the detached guest or in-law suite, a central courtyard featuring vibrant living wall, gas firepit, and three zero-edge fish ponds, all beneath golden bistro lights, exudes a relaxed ambiance. The finest designer finishes including exposed wood beam ceilings, gorgeous custom light fixtures, stone and wood floors introduce the spacious 3,100+ sq. ft. home which encompasses a flex space and great-room concept living room with adjacent dining area and gourmet kitchen fit with professional grade stainless steel appliances, oversized center island, and pantry with wine refrigerator. An oversized mudroom featuring laundry area and desk space, two secondary bedrooms with en suite bathrooms, and the primary suite with yard access and spa-quality bath complete the interior living; while, a resort-style backyard continues to impress with swimming pool/spa, loggia with built-in barbecue, turf lawn, and covered deck with gas fireplace to gather around.
