This beautiful and expansive estate is situated on a gently sloping ridge with spectacular ocean and gulf views. Gaze upon the Osa Peninsula and Matapalo each and every morning. With the expansive ocean and sky views, there's always something beautiful to see. It is only a short distance to the deserted volcanic beaches of the Southern Costa Rica coast, world-class surfing and fishing along with all of the amenities of the village of Pavones. The winding entrance driveway passes through the manicured grounds leading up to the expansive grand manor. There you will find a wide entrance hall leading to a large foyer with expansive views. The open floor-plan with 20 ft open beamed ceilings creates an ambiance of grandeur. The bedrooms are private suites which makes Casa Siempre Domingo the perfect for set-up for a yoga retreat, vacation rental or family home. With four private bedroom suites, an adjacent efficiency apartment, a beautiful infinity pool overlooking the blue waters of the gulf, and lots of open areas to expand upon, this is the perfect private family compound or World Class Yoga destination for your tropical lifestyle getaways. Off the kitchen is a large patio that connects to the edible garden. The kitchen is large and open with a full-length patio running along the back, connecting to a garden of edibles plants and flowers. The mezzanine area in front of the manor overlooks the infinity pool and sun deck area. From these perspectives, you will feel refreshing afternoon sea breezes and witness spectacular sunsets. The interiors are constructed of rare and beautiful exotic hardwoods with huge beams and an open-air design. The property lends itself to be operated as a boutique bed and breakfast as well. Above the grand manor, higher on the ridge is a large flat building area with more incredible views and giant jungle shade trees. With so many features, privacy, and easy access this is a very attractive offering for the discerning buyer looking for something special. Casa Siempre Domingo is where the jungle meets the ocean and wild horses can still be seen roaming free on the beach. Situated in the southern part of Costa Rica, in Golfo Dulce and close to the Panama border, Pavones became popular among surfing enthusiasts for being home to some of the best waves of Costa Rica and one of the longest left-hand waves in the world. The Southern Zone of Costa Rica is known not only for world-class waves but for its fishing, diving, hiking, and bird watching. The beaches are incredible to visit for both the surfer and non-surfer.
