In one of the most beautiful places of the Costa Brava, where not everything is beach, but in the heart of the Baix Empordà, surrounded by nature, surrounded by beautiful forests where one breathes tranquility, with excellent communication to the main roads, Barcelona or Girona, we find this beautiful Masia of approximately 550 m2 built on a plot of more than 19,000 m2. The property is in perfect condition and retains the charm that these properties offer us. The property of two floors is distributed as follows, on the main floor we find two different spaces, the main one with a nice living room with fireplace, a fully equipped kitchen with access to one of its porches that gives us access to the pool area, also on this same floor, we find another space with its own living room, kitchen, 3 double bedrooms, one of them type suite and a total of 2 bathrooms. On the first floor we find a total of 4 double and exterior rooms, one with dressing room and bathroom, the total number of bathrooms on the floor is 2, from this floor we access the upgraded attic. The property has a service area with living room, kitchen, 2 bedrooms and a bathroom. We highlight the perfect state of conservation of the property and the large outdoor area, with its swimming pool and an independent construction currently used as a storage room. A Masia in the heart of the Baix Empordà.
