4	3	3,700	1994

Peace and serenity abounds at this beautiful Napa Valley home from the lush grounds with manicured lawn and multiple varieties of fruit trees and citrus to the open interior with high ceilings and wide hallways. Vineyards on three sides of the property adds to the ambience and the gentle, quiet feeling of country living. Yet, you are only minutes from town. Entertaining for family and friends is a delight with the massive center island and high end appliances. Play a round of bocce on the court under the trees or sit and watch the chickens forage. The five car garage is an opportunity for the car enthusiast or could also become a pool or guest house. The opportunities are endless. Minutes from Downtown St. Helena, this home is also located in the St. Helena Unified School District.
