Amazing Location with privacy is hard to find, but this unique property has the perfect combination. Located just down the street from some of the best schools in the city, this beautiful property is completely private with a gated front entrance and a long driveway leading up to the house. The home is single level with over 3400 sq ft of living space. Gorgeous wood floors with marble counters in the kitchen, amazing custom Red-oak cabinets, folding LaCantina doors that open to the pool and gas fire pit, give this home such an incredible vibe/atmosphere. This home is designed by Kaniowski Design of Legacy Homevestments and as soon as you walk into the master suite you realize the amount of detail put into the space which creates peacefulness and serenity. Marble lines the floor and walls in the shower that includes a stand alone black tub. 4 total bedrooms with 3.5 baths makes this home perfect for anyone.
