

An aerial photograph of a rural property. In the foreground, there is a large green field. A prominent red barn with a white roof is situated in the middle ground. To the left of the barn is a smaller white shed. Further left, a white house with a grey roof is partially obscured by trees. The background shows a line of trees and a residential neighborhood under a clear blue sky with a few clouds.

Born and raised in the great city of Cincinnati has taught me about the vitality of Faith, Family and Friends! I am grateful for the timeless values of our East/West communities that I choose to live by everyday--Honesty, Authenticity, Integrity, Hard Work and Consistency! I love the great things that this region has to offer, and have found it to be a perfect place for active individuals and growing families to thrive! It is here in Cincinnati that I met and married the lovely and talented Marlene, and it is where we have chosen to raise 3 beautiful children we are so proud of. I have been excited about real estate since 1991 when I first graduated from the University of Cincinnati.

I became fully immersed in the field through a career path of Mortgage Origination, Real Estate Law and Mortgage Management/Administration. Real Estate remained with me throughout the years as both an internal passion and a life long pursuit. I love helping others. I enjoy solving problems, and I have become an expert at navigating unexpected challenges. I carry with me a high sense of urgency as a leader, partner and friend. I love our Dogs, the NFL, MLB, College Sports and I enjoy Hunting Deer and Turkey in the Tri-state! I am blessed everyday to wake up feeling excited and passionate about helping incredible people realize their dreams! University of Cincinnati
