Timeless and sophisticated in Hinsdale. Elegantly poised in a sought-after location within a few blocks of Hinsdale Central High School, this elegant stone manor was crafted to masterful perfection with extraordinary indoor and outdoor entertaining spaces. Its approx. 7,126 square feet are a testament to modern craftsmanship and meticulous design. Inside, a grand foyer introduces soaring double-height ceilings, a dramatic curving staircase and cascading windows flooding natural light throughout. Stunning European-style detail graces the home, from custom coffered ceilings to wide plank floors, designer lighting and custom wall coverings. The main living level beautifully balances the formal and informal, as a dining room, home office with built-ins and a statement-making kitchen open up to a comfortable casual eating area and living/family room anchored by a fireplace. The kitchen will satisfy the modern-day gourmet with Wolf and Sub-Zero appliances, and a large prep island with seating for socializing. Easy access to a large raised deck off the kitchen gives the entertainer another option for hosting friends and family. A convenient half bath, mudroom with garage access and a nicely sized first floor bedroom with access to a full bath provide the next homeowner with tremendous flexibility. Residing upstairs are four family bedrooms, each with ensuite baths and walk-in closets. In the primary suite, you'll find a private haven adorned with vaulted beam ceilings, two walk-in closets and a hotel-worthy bath with a soaking tub, separate shower and dual sinks. A second floor laundry room and an extra storage space/walk-in closet off one of the bedrooms ensure years of convenience. Brightened by natural light via an uncommon wall of windows, the radiant heated lower entertainment level is a truly impressive space for both kids and adults alike. Among its promises: a large recreation space/game room, an inviting living area with fireplace, a full kitchen, a spacious gym, theater room with wet bar, bonus room, a bedroom, two full baths and a half bath and walk-in closet plus a second laundry room. Plenty of space in the radiant heated 3 car garage - and the driveway is heated as well! This entire space is truly exceptional and rare. A private backyard completes the picture of fine living with multiple levels of outdoor entertaining areas, gardens and flat lawn for play, all shrouded by mature trees.
