The moment I stepped into the Great room and looked out into the forest, I knew this would be our home. Large contemporary home set on 10 acres of natural woods grandfathered within expansive, protected state lands. Cantilevered great room features floor to ceiling windows. Move in ready. Open floor plan. Four large bedrooms with their own baths, and plenty of closets for all of your garments. Large, full guest apartment with kitchenette, dining room, living room, deck and fireplace, perfect for au pair/nanny. Large screened-in porch directly off kitchen and master bedroom. Back-up generator. Large 3.5 car garage to store your toys. There have been over \$150,000 of improvements and updates on the exterior and interior of this magnificent home. Located on a wooded country road, with Holly Recreation area across the street. Perfect place to leave the crowded suburbs and city while being close to all of the amenities.
