Aquamare's three private beachfront villas, which provide 15 beautifully appointed guest rooms, offer you a unique and ideal private enclave for a luxurious destination wedding, meeting or private party. When all three villas are booked together, Villa Aquamare offers 24,000 square feet of lavish waterfront space with accommodations for up to 36 guests. It's extremely rare to find so many luxury suites clustered within a completely private beach compound. Each villa at Aquamare has 8,000 square feet of living space with five spacious suites three of them Master Suites all of them with gorgeous marble baths en suite. That means that each villa can comfortably and luxuriously lodge up to 12 guests. Within each villa, a lavish amount of space has been devoted to expansive living areas and multiple terraces that lead to a private infinity pool. Local stonework, rich hardwoods, travertine marble, expansive private balconies in each room, 30-foot vaulted wood ceilings, private infinity pools and spacious open-air living areas are Aquamare's hallmark features. Each villa has a fully equipped, gourmet kitchen, as well as inside and outside dining areas where the villa's chefs pamper your palate with local delicacies and prepare savory dishes for you and yours. The grounds surrounding the villas have a variety of native specimens and ornamental gardens that have formed natural walls through the years, giving each villa its maximum privacy. Each villa was designed as a conglomerate of spaces to wind down, gather and renew the senses. Villa Aquamare's attention to detail and sophisticated design make you feel like royalty at every corner, especially the ones you rest and play in. Each villa features three elegant master suites, one double room and one junior suite, and accommodates up to 12 guests. Rooms are very spacious and have over 1,000 sq/ft of room for you to feel at ease, pampered to your hearts content. Beds were carefully selected for maximum comfort and a pillow menu offers you a choice of 25%/75%, and 50%/50% non-allergenic foam pillows, not to mention the delicate Frette linens, towels and bathrobes available. Wide, open balconies give you a sense of expansion and let you admire the luscious view while you dawdle in a hammock. You can also opt to curl up with a great book inside the in-room living spaces to escape and unwind in tranquility and privacy. The picturesque distance is located in each of the spa suites: open, yet completely sheltered and private 9- by-12-foot marble baths with separate outdoor shower rooms. The spacious shower rooms open to the beautiful outdoors with large 12-inch diameter shower heads for maximum down-pour. Another of Aquamare's distinguishing features is its private white sandy beach area, known as the Beach Park, which is located in front of the villas. Slightly raised for better water vistas, and set back from the shoreline, the Beach Park is perfect for unwinding and watching the kids, an informal barefoot wedding, a sunset cocktail party, or a great spot to escape with a good book. The area features a thatched palapa for relaxing, lounge chairs and is attended by Aquamare's heedful staff to provide chilled towels, water and other comforts. The Beach Park also features Aquamare's signature Dream Bed, a King-sized day bed suspended over the sand, ideal for reading, napping or watching the sunset with cocktails *à deux*. Villa Aquamare is located on Mahoe Bay, a beach that hosts two spectacular live reefs, where you can find myriad species of underwater life, beautiful and colorful, like few places on Earth. Home to turtles, parrot fish, calamari and hundreds of other species, the reef right behind the villas is a playground for Nemo-loving humans, just 15 feet from the water's edge. Explore Mahoe Bay on kayak, stroll the entire white sand beach, or bask under the sun in the famous adjoining cove, Savannah Bay, considered by sailors to be one of the most beautiful beaches in the entire BVI archipelago. Aquamare's gorgeous tropical surroundings offer you a neighborhood adventure that doesn't require more than a kayak and a spirited mindset that enjoys exploration.
