We are delighted to present for sale, "Endymion", a 4 bedroom, 4 bathroom family home with swimming pool perched high on the hill above Hodges Creek Marina with jaw dropping views across Sir Francis Drake Channel and the southern Cays. The Villa was named by the original builders of the home back in 1975. In Greek mythology, Selene, the Titan Goddess of the Moon, believed Endymion, a mortal, to be of unsurpassed beauty. To fully understand that sentiment, you need only stand on the pool terrace on a full moon and gaze out at the ocean and islands. There are few views in the Caribbean, let alone the BVI, that top the simply breathtaking vistas from this delightful home. [CLICK HERE TO TAKE A 3D VIRTUAL TOUR](#) Designed by the well-known BVI architect Michael Helm, this home works equally well as full time residence or as a vacation home. As soon as you enter the home you are struck by the views across the living area, on to the spacious pool deck and beyond. The home benefits from having recently been substantially rebuilt and refurbished including new roof, new doors and windows, and a brand new kitchen with stainless steel appliances. The four bedrooms are situated to provide privacy to all occupants or guests, each coming with their own separate entrance and en-suite bathrooms. Two of the bedrooms are either side of the main living floor. The third is beneath the pool area. The 4th bedroom is in a stand alone structure and includes a kitchenette so can easily be used as a separate guest house for rental income. The swimming pool is cleaned via a very efficient solar pump, saving a bundle on expensive electricity bills. Moor your boat at Hodges Creek Marina directly beneath this property.
