Villa Circe: This prestigious residence is part of a luxurious complex recently built consisting of six detached villas, 1500 meters from the beaches of Forte dei Marmi in a private residential area behind Imperial Rome. The villa has an area of about 670 square meters, the pleasant and reserved garden measures about 1425 square meters and welcomes a magnificent pool of generous size. The entrance from the porch leads us into the large living room with fireplace, continuing to the right, there is the dining room overlooking one of the two Pompeian, the spacious kitchen with pantry and a courtesy bathroom. On the left of the living room, well disengaged, there are three bedrooms each with its own bathroom, one overlooking the other Pompeian pool view. From the living room there is a spectacular marble staircase that leads to the upper floor that offers a further and versatile space of about 190 square meters. The basement is dedicated to a large basement/living room, two bathrooms, laundry and other spacious rooms for service and storage. At this level there is also the garage and the private manoeuvring area where you can park more cars: a further important security value and confidentiality for access to the driveway directly to your home. Outside, the front of the villa is entirely served by a porch and two Pompeian overlooking the magnificent pool, where you can enjoy in the most pleasant relaxation every moment in the open air and accommodate with elegance. The ideal villa for those who demand exclusivity, comfort, privacy and security. *For reasons of privacy, the address in the form is indicative. The property is in the immediate vicinity. *
